MEMORANDUM FOR: Director of Security
FROM: Director of Central Intelligence
SUBJECT: Polygraph

I may come back here on Monday to talk with the Attorney General and the President about the polygraph. I will need a quick review of how we use the polygraph, how we interpret the results and make decisions on actions we take with respect to people about whom the polygraph raises questions. I will also need a quick review on its results and effectiveness in screening and in deterring espionage investigations and leak investigations. I will also need copies of NSDDs [] and 19 (1982 on leaks) and [] which is I think the latest on leaks.
